

Austria's capital Vienna offers a unique blend of imperial traditions and stunning modern planning. Travellers have chosen Vienna for its cultural events, imperial sights, coffee houses and special Viennese charm for many years.

Vienna is among the least spoiled of the great old western European capitals. Its central core, the Innere Stadt, is easily manageable by foot and public transportation. In a city renowned for its architecture, many of Vienna's urban prospects remain basically those devised over several centuries by imperial gardeners and architects. The skyline is still dominated by the spire of St. Stephen's Cathedral and by the giant Ferris wheel in the city's chief park, the Prater.
